DRAWING AND PAINTING - WATERCOLOUR MIXED LEVEL ONLINE	01/05/2025	10/07/2025	Online Delivery	84.70

### **01. Who is this course for?**

This course is designed for learners wishing to gain an understanding of watercolour painting and improve their technique. The course builds up step by step to help your understanding and for you to gain confidence in each area before moving on. For more experienced learners we aim to develop skills, techniques and applications already learnt so that learners are confident to paint a range of subjects.

### **02. What will I learn?**

On this course, learners will continue practicing techniques of watercolour painting and explore colour mixing and composition. You will develop drawing skills and learn how to render different subject matter in watercolours. Improvers will be supported to develop their understanding of fine elements of art such as composition, colour theory, tone and texture. You will learn how to be more creative in response to given subject matter, developing your drawing skills and individual style.

### **03. How will I learn?**

This is a tutor-led, mixed level art class. Learners will receive regular verbal and written feedback on their progress. The course tutor will be on hand at every stage to provide support with one-to-one tuition, demonstrations, and handouts.

### **04. What will I need to bring?**

Please bring a set of watercolours, brushes, pencils, and paper. It is not necessary to spend a lot of money of equipment and a full list will be provided at the first session. For online courses, access to suitable computer equipment with a microphone and camera, and a strong internet connection is also required.

## **05. What skills or experience do I need?**

This course aimed at learners who have completed the 'Intro to Watercolour' course, however this is not essential.

## **06. How will I be assessed?**

The Learning for Wellbeing curriculum uses formative and summative assessment methods to evaluate learner progress. You will work towards completing a set of class learning targets, as well as your own personal development targets. Targets are reviewed at the middle and end of the course. Informal discussions with the tutor will take place throughout the course, both individually and in groups. Your progress may also be documented through photographic evidence.

## **07. What could I do after this course?**

Upon completing this course, you may wish to try one of our other drawing and painting courses, such as 'Drawing and Painting - Intermediate level' or 'Botanical Drawing and Painting'. The Learning for Wellbeing curriculum offers a wide range of art, craft, sewing, cookery, dance and creative arts courses for you to continue developing skills specifically aimed at improving your wellbeing. Courses are available to search on the GoLearn website

## **08. How will I be supported in my learning?**

We aim to support all learners to succeed. Our tutors will work with all learners to meet individual needs by using a range of resources and teaching methods. When you enrol on your course you will be asked if you have any additional learning needs or disabilities which may affect your learning. This might include physical disabilities, neurodivergent needs (e.g., Autistic Spectrum Disorder, ADHD, dyslexia, or dyspraxia, etc.), visual and auditory impairments, or a medical condition which might affect your learning. Your tutor will contact you prior to joining the course to discuss what support can be put in place. For some learners, this may mean organising extra time in exams or arranging for a Learning Support Assistant to support your learning in class. We also offer a wide range of assistive technology such as reader pens, screen readers, large print keyboards and screens, alongside in-class resources such as coloured overlays, large-print resources and more.

## **09. Is help available with course fees?**

Many of our courses are FREE to all learners. For fee-paying courses, if you are in receipt of state benefits or have a low income (£26,211.90 before deductions) you could be entitled to enrol on your course for FREE, or at a 70% Reduced Fee cost. If your course is accredited (working towards a formal qualification) your course may be FREE if you earn under £25,000 before deductions. Some exclusions apply, eligibility for fee reduction is subject to change, and you may be required to provide evidence of earnings. If the amount you must pay for your course is over £50, we offer instalment plans which break down the cost of learning into a set number of easy monthly payments. If you need help with the wider costs of study, such as childcare, resources, travel, and transport costs, you may be eligible to have these costs reimbursed through our Discretionary Learner Support Fund. Visit us online for more details, and to download the online application form.

## **10. How do I choose the right course for me?**

If you are unsure about which course may be right for you, our team of Learning and Work Advisers are on hand to offer FREE and impartial information, advice and guidance on learning and work options available to you. To book your free, confidential, and impartial appointment, please call FREEphone 0800 988 0308 or email [LALS.LWA@leics.gov.uk](mailto:LALS.LWA@leics.gov.uk).
