The focus of the course is improving health and wellbeing, as well as learning new skills.

02. What will I learn?

This course will also support you in increasing general fitness, confidence and a feeling of wellbeing through tap dancing in a fun and supportive environment.

03. How will I learn?

This is a tutor-led, beginners dance class. Learners will be supported through class demonstrations and 1:1 assistance to develop their dancing skills. 04. What will I need to bring?

Please wear comfortable clothing and well-maintained tap shoes e.g. no protruding screws (if you do not have tap shoes, you should wear solid footwear that will not slip off your feet). You should also bring a towel and a water bottle. There are no additional costs for equipment, unless you would like to work with a specific prop/ item and of course, if you wish to treat yourself to a new pair of tap shoes.

05. What skills or experience do I need?

No experience required. This course is suitable for complete beginners.

You will work towards completing a set of class learning targets, as well as your own personal development targets. Targets are reviewed at the middle and end of the course. Informal discussions with the tutor will take place throughout the course, both individually and in groups. Your progress may also be documented through photographic/video evidence.

08. How will I be supported in my learning?

We aim to support all learners to succeed. Our tutors will work with all learners to meet individual needs by using a range of resources and teaching methods. When you enrol on your course you will be asked if you have any additional learning needs or disabilities which may affect your learning. This might include physical disabilities, neurodivergent needs (e.g., Autistic Spectrum Disorder, ADHD, dyslexia, or dyspraxia, etc.), visual and auditory impairments, or a medical condition which might affect your learning. Your tutor will contact you prior to joining the course to discuss what support can be put in place. For some learners, this may mean organising extra time in exams or arranging for a Learning Support Assistant to support your learning in class. We also offer a wide range of assistive technology such as reader pens, screen readers, large print keyboards and screens, alongside in-class resources such as coloured overlays, large-print resources and more.

Many of our courses are FREE to all learners. For fee-paying courses, if you are in receipt of state benefits or have a low income (£26,211.90 before deductions) you could be entitled to enrol on your course for FREE, or at a 70% Reduced Fee cost.
