### 01. Who is this course for?

This course is designed for learners wishing to gain an understanding of watercolour painting and is suitable for beginners and improvers. The course aims to build the learners confidence and develop a broad range of skills and techniques that form an understanding of the full range of the watercolour medium, its possibilities and its beautiful qualities. Demonstrations, help, support and tips will be a feature of the course and its progression.

### 02. What will I learn?

The course is designed to cover all the basics of watercolour painting, to develop your understanding of techniques, learn how to apply and mix colour, wash progression, drawing skill development and to help to build and confidence to set you on your own path in exploring this fascinating medium.

### 03. How will I learn?

This is a tutor-led art class. Learners will receive regular verbal and written feedback on their progress. The course tutor will be on hand at every stage to provide support with one-to-one tuition, demonstrations, and handouts.

### 04. What will I need to bring?

Please bring: brushes (numbers 3,5,7); pencils HB and 2B; water container (eg a jam jar); watercolour paper, (Winsor and Newton or Rowney are good manufacturers of this); a set of watercolours (the above manufacturers are again recommended, your tutor can advise on this and paper if necessary); a wax crayon or candle; a sponge; tissues; a drawing board (a piece of chipboard will be fine, roughly 50cms x 35cms x 1cm in size); an eraser; a mixing palette (a white plate will be great for this)

### 05. What skills or experience do I need?

This course is suitable for complete beginners and those with some previous experience who would like support to improve.

### 06. How will I be assessed?

The Learning for Wellbeing curriculum uses formative and summative assessment methods to evaluate learner progress. You will work towards completing a set of class learning targets, as well as your own personal development targets. Targets are reviewed at the middle and end of the course. Informal discussions with the tutor will take place throughout the course, both individually and in groups. Your progress may also be documented through photographic evidence.

## **07. What could I do after this course?**

Upon completing this course, you may wish to try one of our other drawing and painting courses, such as 'Drawing and Painting – Watercolour – Mixed Level'. The Learning for Wellbeing curriculum offers a wide range of art, craft, sewing, cookery, dance and creative arts courses for you to continue developing skills specifically aimed at improving your wellbeing. Courses are available to search on the GoLearn website.

## **08. How will I be supported in my learning?**

We aim to support all learners to succeed. Our tutors will work with all learners to meet individual needs by using a range of resources and teaching methods. When you enrol on your course you will be asked if you have any additional learning needs or disabilities which may affect your learning. This might include physical disabilities, neurodivergent needs (e.g., Autistic Spectrum Disorder, ADHD, dyslexia, or dyspraxia, etc.), visual and auditory impairments, or a medical condition which might affect your learning. Your tutor will contact you prior to joining the course to discuss what support can be put in place. For some learners, this may mean organising extra time in exams or arranging for a Learning Support Assistant to support your learning in class. We also offer a wide range of assistive technology such as reader pens, screen readers, large print keyboards and screens, alongside in-class resources such as coloured overlays, large-print resources and more.

## **09. Is help available with course fees?**

Many of our courses are FREE to all learners. For fee-paying courses, if you are in receipt of state benefits or have a low income (£26,211.90 before deductions) you could be entitled to enrol on your course for FREE, or at a 70% Reduced Fee cost. If your course is accredited (working towards a formal qualification) your course may be FREE if you earn under £25,000 before deductions. Some exclusions apply, eligibility for fee reduction is subject to change, and you may be required to provide evidence of earnings. If the amount you must pay for your course is over £50, we offer instalment plans which break down the cost of learning into a set number of easy monthly payments. If you need help with the wider costs of study, such as childcare, resources, travel, and transport costs, you may be eligible to have these costs reimbursed through our Discretionary Learner Support Fund. Visit us online for more details, and to download the online application form.
