

SAFE INTERNET USE - MULTIPLY PROJECT

01. Who is this course for?

Learn how to use the internet in a safe manner in a friendly environment. You will learn how to create a secure password and avoid scams as well as gaining some online banking safety tips.

04. What will I need to bring?

A pen and paper to make notes.

05. What skills or experience do I need?

No prior experience is required to attend the course. It will start with the basics. Multiply courses are designed for learners who don't already have a L2 maths qualification. Learners with a L2 maths qualification (GCSE Grade 4-9 or A-C or equivalent such as Level 2 Adult Numeracy or Functional Skills) will need to do a quick assessment before joining the course; please speak to our Business Support team to arrange this. Learners need to be aged 19 and above by the course start date.

08. How will I be supported in my learning?

We aim to support all learners to succeed. Our tutors will work with all learners to meet individual needs by using a range of resources and teaching methods. When you enrol on your course you will be asked if you have any additional learning needs or disabilities which may affect your learning. This might include physical disabilities, neurodivergent needs (e.g., Autistic Spectrum Disorder, ADHD, dyslexia, or dyspraxia, etc.), visual and auditory impairments, or a medical condition which might affect your learning. Your tutor will contact you prior to joining the course to discuss what support can be put in place. For some learners, this may mean organising extra time in exams or arranging for a Learning Support Assistant to support your learning in class. We also offer a wide range of assistive technology such as reader pens, screen readers, large print keyboards and screens, alongside in-class resources such as coloured overlays, large-print resources and more.

09. Is help available with course fees?

Many of our courses are FREE to all learners. For fee-paying courses, if you are in receipt of state benefits or have a low income (£26,211.90 before deductions) you could be entitled to enrol on your course for FREE, or at a 70% Reduced Fee cost. If your course is accredited (working towards a formal qualification) your course may be FREE if you earn under £25,000 before deductions. Some exclusions apply, eligibility for fee reduction is subject to change, and you may be required to provide evidence of earnings. If the amount you must pay for your course is over £50, we offer instalment plans which break down the cost of learning into a set number of easy monthly payments. If you need help with the wider costs of study, such as childcare, resources, travel, and transport costs, you may be eligible to have these costs reimbursed through our Discretionary Learner Support Fund. Visit us online for more details, and to download the online application form.

10. How do I choose the right course for me?

If you are unsure about which course may be right for you, our team of Learning and Work Advisers are on hand to offer FREE and impartial information, advice and guidance on learning and work options available to you. To book your free, confidential, and impartial appointment, please call FREEphone 0800 988 0308 or email LALS.LWA@leics.gov.uk.
