08. How will I be supported in my learning?

We aim to support all learners to succeed. Our tutors will work with all learners to meet individual needs by using a range of resources and teaching methods. When you enrol on your course you will be asked if you have any additional learning needs or disabilities which may affect your learning. This might include physical disabilities, neurodivergent needs (e.g., Autistic Spectrum Disorder, ADHD, dyslexia, or dyspraxia, etc.), visual and auditory impairments, or a medical condition which might affect your learning. Your tutor will contact you prior to joining the course to discuss what support can be put in place. For some learners, this may mean organising extra time in exams or arranging for a Learning Support Assistant to support your learning in class. We also offer a wide range of assistive technology such as reader pens, screen readers, large print keyboards and screens, alongside in-class resources such as coloured overlays, large-print resources and more.
