### **01. Who is this course for?**

This 5-week course will give you a taste of the language you want to learn. You will be introduced to a range of basic phrases that you will be able to use in practical situations. The emphasis will be on having fun and speaking the language through interactive activities. The 5 sessions will encourage you and give you the confidence to "have a go". You will also discover a little about the country/countries where the language is spoken, and their people. This course is followed by a 23-week Beginners Moving on (Year 1) course, on which we recommend you to enrol at the same time if possible.

### **02. What will I learn?**

A range of basic words and phrases covering topics such as: • Exchanging greetings • Introducing yourself and others • Sharing information about yourself and others • Ordering food & drink in cafés/restaurants

### **03. How will I learn?**

Practical class activities including group & paired work and role plays. On-going assessment of learning by you and your tutor. Feedback from your tutor.

### **04. What will I need to bring?**

Pen/pencil, paper, A4 folder to store handouts, notes, vocabulary and worksheets.

### **05. What skills or experience do I need?**

No experience necessary at all - just enthusiasm to have a go! Willingness to practise words and phrases in between lessons. A small amount of time for self-study outside the class is recommended to progress steadily each week.

### **06. How will I be assessed?**

Through tutor's verbal and written feedback only. You will keep a folder of work during the course with handouts, class work and homework to show your progress.

## **07. What could I do after this course?**

After this 5-week introduction, you will progress onto the Beginners Moving On Year 1 course for your chosen language.

## **08. How will I be supported in my learning?**
